

## FOR IMMEDIATE RELEASE

### **OLYMPUS LOCK ANNOUNCES NEW DRAWER LATCH LOCK FOR SCHLAGE FULL-SIZE INTERCHANGEABLE CORE**

LYNNWOOD, WA — Olympus Lock, Inc. announces the L92V, the first drawer latch lock for Schlage full-size interchangeable core. This product adds latch lock functionality to our growing family of Schlage full-size interchangeable core cabinet locks which currently includes: 777 and 888 series deadbolt locks, 920 cam lock and 929R sliding door/showcase lock. The new L92V accepts Schlage Classic or Primus/Everest full-size interchangeable cores. Schlage compatible FSIC such as Keymark or Mul-T-Lock (large format) interchangeable cores may also be used. The L92V comes in US26D (satin chrome) finish and is furnished with lock mounting screws and matching strike plate. Locks are available for immediate shipment.

Olympus Lock is a manufacturer of easily rekeyable, pin tumbler cabinet locks and interchangeable core cabinet lock bodies for a broad range of institutional applications. Our mission is to create pin tumbler cabinet locks and accessories of unparalleled innovation, quality, keyway compatibility, and value in a manner which sets a new industry standard for excellence. *Olympus Lock—The cabinet lock innovators.* See us on the web at [www.olympus-lock.com](http://www.olympus-lock.com) or call us toll free at 800-525-0954.
