B7 SERIES FEATURES

- Non-handed—Field reversible locking positions: right-hand, left-hand, vertical and inverted
- Easy rekeyability—Allows for a quick installation and increased productivity
- Only 2 cams required—Ships with reversible straight and offset cams that meet requirements of all locking positions
- Anti-rotation plate—Eliminates lock rotation, prevents loosening of fixing nut, and provides additional security in particleboard applications

INCLUDED CAMS

DCNP-100-SC
straight cam

DCNP-100-BC
offset reversible cam
